Parkdale Farm

Through Fifty-nine Years

The Bellows Shorthorn herd was founded in 1880 and has been operated continuously since, first under the name of F. Bellows & Sons, then Bellows Brothers.

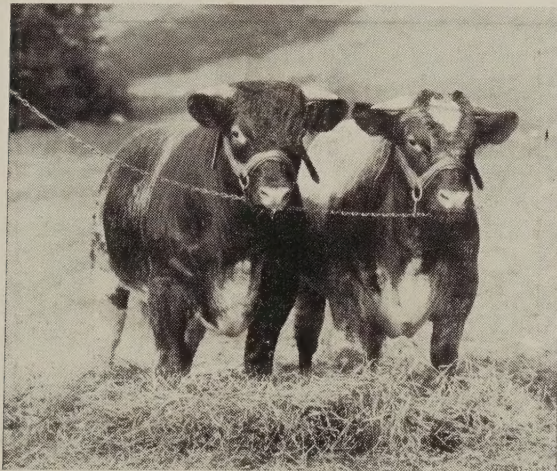

The first public sale offering was made in December 1900 at South Omaha. Like other herds of the 80s & 90s, the families represented were chiefly American sorts, an increasing proportion of them Scotch-topped, and toward the end of the century a few of all Scotch breeding.

With the purpose of having an entire Scotch herd, ultimately, we acquired a few females of Cruickshank strains, and placed in service the red Royal Prince 4th, a Princess Royal bred by S. H. Thompson & Sons, of Iowa. Sired by their noted Victor Mysie 2d, and out of a daughter of Imp. Spartan Hero, an outstanding bull of that period. The Thompson herd was rated one of the best of its time. As evidence of its superiority the aged herd entry at the Iowa State Fair in 1900 or 1901 won first place over all beef breeds.

To follow Royal Prince 4th, the roan Hampton's Best was purchased from his breeder, C. B. Dustin of Illinois. This massive youngster, sired by Merry Hampton and out of Secret of Hill Farm 2d, by Imp. Lavender Lad, proved a remarkable sire, his get making up our exhibit at the St. Louis World's Fair, won more prize money than any exhibit of any breed bred and owned by the exhibitor. Later a group of the get of Hampton's Best was sold for export to Argentina where they were disposed of at long prices.

Carrying on with our program to put to use herd bulls representing the foremost sires of the breed, the roan Good Choice, a level lined son of Imp. Choice Goods was acquired and proved an exceptionally potent sire, and weighed at maturity 2350 lbs. He sired the red Diamond Goods, the

dam being Sweetheart a beautifully finished cow of our breeding, a granddaughter of Imp. Athene bred by Cruickshank. We retained this captivating young bull for our own use with most gratifying results. He transmitted his smooth, compact form to his get with unusual uniformity. He earned his right to be classed as a show bull, having gone undefeated as an aged bull through the state fairs and the International in 1912.

Another son of Choice Goods, Best of Goods, was selected for use. He was out of the famed matron, Runaway Girl by Imp. Collynie, tracing to Marsh Violet by Pride of the Isles. Best of Goods, a dark roan, had much depth, liberal flesh covering, ample bone, and made an excellent record as a sire.

Superb Goods, a roan, also by Good Choice, and out of Lady Abbott by the 1893 World's Fair Champion Young Abbottsburn, bred in the herd gave splendid service there.

In 1910, or thereabout, came Sultan Supreme bred by Owen Kane of Nebraska. He was a low set roan carrying the intensified blood of Avondale through the sire Double Dale. His dam was Lustre of Anoka by Anoka Sultan. It will be noted by this combination that he carried Whitehall Sultan blood on both the maternal and paternal side. He proved an impressive sire as demonstrated by his great son, the massive roan Village Supreme undefeated in the leading fairs and shows, including the International, in 1916, and our chief stock bull for six years.

Came then another son of Double Dale—Radium—a beautifully balanced white, and outstanding as a sire, particularly of females. His dam was Lady Fragrant by Marengo Count, tracing directly to Imp. Lady Douglass the dame of Cumberland's Last famed as a sire, and an International junior champion. Radium followed in service by Village Supreme referred to in the preceding paragraph.

Another top sire was the roan Parkdale Baron, bred in our herd, a son of the prize-winning Cumberland's Best and Lavender Goods by Ruberta's Goods. Through his use came a further infusion of the blood of Cumberland's Last. Parkdale Baron displayed real finish, which he transmitted to his progeny. He sired the repeated show winner, King Baron, which headed the first prize calf herd at the International and other shows in 1916.

Fair Sultan, white, bred by us and sired by Fair Acres Sultan, used for some time in our herd, not only demonstrated marked potency as a sire but headed our winning aged herd at the American Royal and International in 1918.

Through Alladin bred by Tomson Brothers of Kansas a well fleshed red son of Barmpton Knight, a sire of many winners, and Norwood Augusta, we obtained the blood of Imp. Craven Knight that had made such a notable record in Col. W. A. Harris' Linwood herd of Kansas.

Nearing the end of the list comes Maxwalton Baron a red roan son of Imp. Rodney and Maxwalton Blossom by Count Avondale. He proved a particularly effective cross on our females, providing the blood of Rodney. He sired Supreme Client that in turn sired Supreme Commodore, both dark roans, short legged, evenly finished, thickly fleshed and both kept in service in our herd. The last named came from the Wm. Duthie Fair Constance family bred for five generations in his hands.

We purchased Master of the Grove after he had matured and with him won the International grand championship, but he did not measure up to the expectations as a sire and he was early sent on his way.

Only one remains for special comment, the present herd sire, a roan bred by the Allen Cattle Company of Colorado, Divide Advance 2d by Browndale Goldspur and out of a full sister to Divide Sensation twice International grand champion. Our show group, all calves and all but two sired by Divide Advance 2d, made a creditable record at the Missouri and Iowa Fairs this season, winning 1st and 2d on senior bull calves at Missouri, 1st and 3d at Iowa; get on calf herd at Missouri and Iowa and 2d on get-of-sire at both Fairs.

In this comment we have endeavored to bring to the reader's attention; first, our plan of operation which has brought into the herd the blood of the most outstanding sires of the breed covering a period from the beginning of the century; second, the extent to which we have used bulls bred in our own herd, bulls that carried the blood of these noted stock sires. By this process we have bred into our herd a degree of potency in the reproduction of type not attainable by any other plan.

Many of our females show from three to six generations on the maternal side bred by Bellows Brothers, and in numerous instances from two to five top crosses of the sires also. Not a few, as in the case of Fair Constance family, have been built directly on the Duthie foundation. Early in our experience we took note of the singular dependability of certain strains, and we have retained the females of such lineage. The Queen of Beauty tribe is the oldest of these. The Broadhooks, Fair Beauty, Duchess of Glosster, Marr Beauty, Clipper, Fair Constance and others of similar performance, make up the greater portion of the breeding herd.

Time has been required to accomplish this, and we are still endeavoring to strengthen the blood lines and improve the standard. Like most breeders, touched by the adverse conditions following the World War, and the subsequent drouth years, we sharply reduced our herd. However, we have succeeded in buying back several very select groups of females and their produce by bulls of our breeding, representing these prized blood lines, which combine with those that we had retained, give us a breeding herd now of 150 head, with a larger proportion of our select families than we have ever had.

In our judgment the breeding of Shorthorns has never been on a sounder basis. And there is greater security for the investor in herds that have been carried along on a program similar to that which we have followed during these fifty-nine years.

We find the names of many notable breeders on the lists of our patrons. We find, also, thereon the names of many who made their initial investments, and who have attained recognition for their constructive results. We find, too, the names of those who have returned from year to year in quest of breeding stock, like Charles Allen of Stanberry, Mo., who has taken ten bulls in succession—one at a time. During these six decades our output has been widely disseminated.

We are grateful to all who have manifested an interest in our efforts. It was a happy day for us when we were awarded first prize on our entries in the aged, young and calf herd classes at the Iowa State Fair in 1916. There was a thrill when at the International the same year we were awarded the Dr. Peredo Argentine trophy for the best three bulls, on Parkdale Baron, Village Supreme and King Baron. Yet our greatest satisfaction comes from the continued confidence which our fellow breeders seem to manifest in our breeding operations.

BELLOWS BROTHERS.

Supreme Royal Clipper 1973460—Ranks as one of the three or four best bulls we have ever produced. Individually he is all a discriminating breeder could ask for, both his sire and dam being by the 1928 International Grand Champion, Browndale Goldspur. With the double infusion of this blood blended with the blood of the sires found in this good Clippers pedigree should make him a dependable sire. He was 1st prize senior calf at Missouri State fair.

SUPREME ADVENT—Who wants a red bull? This calf is as good as he looks in this picture. A January 18, 1939 calf out of one of our Supreme Beauty cows by Supreme Client.

Supreme Royal Client 1973458—Is a very thick growthy bull, well fleshed and full of quality. Shows great weight for his age.

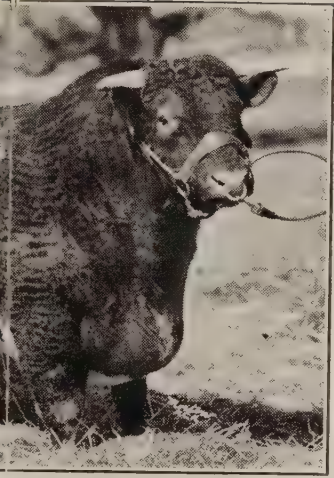

This great group of calves won second in the get of sire class at Both Missouri and Iowa. Four obvious reasons why Divide Advance 2d is known as an outstanding sire.

DIVIDE ADVANCE 2d has pre-ceptional merit. He came to the first crop of calves by him. The first crop of calves by him in 1939 we showed 10 calves, all of which won first and second at Missouri and Iowa State Fairs, with record, winning first and second at Missouri first and third at Iowa at both shows. First on two bulls on two bulls at Iowa. Third on pair of yearlings at male" fourth at Missouri and important prize was the winning both fairs, being defeated only by a herd of mature animals, including females. It is gratifying to see breeding cows we have, mated producing calves of the same type.
